There are many variations of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predictable chunks of text, making the text unrepresentative of the real world. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-prophetic words etc.

What is Lorem Ipsum?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer set a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining unchanged. It was popularised in the 1960s with the release of Letraset sheets of randomised letters, and more recently by desktop publishing software like Aldus PageMaker which included versions of Lorem Ipsum.
